"We lay on our backs, looking at the ceiling and wondering what God had wrought when He made life so sad. Jack Kerouac-On The Road"

## Summary

During my high school life I became an semi-expert in the Wing-Tsun that is a traditional Southern Chinese Kung-fu styles in close range combat. I have played guitar and had a sing on my own and with many different music groups since high school. I have great interest in literature, philosophy, physics, mathematics and art. In general, I read, write, research and discuss. I'm traveling to Turkey, which is also the first goal with hitchhiking. I can stay on the road for a long time. My goal is not to arrive somewhere, I like the road itself, the blessings that the road offers me. Currently, I am a second grade computer engineering student at Muğla Sıtkı Koçman University. I've been learning new things by learning to learn for 3 years. I adopt free software philosophy. Previously, I was working as a full-stack developer and a blockchain developer. Now I'm doing research on machine learning and deep learning and we have a mechanic and electrician friend in our school and we are developing aircraft, rocket, drone-style autonomous vehicles. I use Vim, JetBrains IDE's, Jupyter notebook, Linux and OSX in my work environment. I am someone who likes to solve problems in new ways and learn new technologies when needed.

## Work Experience

### Google Summer of Code <TensorFlow>

INTERN

- I worked in the TensorFlow Dataset repository with Google Brain developers for 3 months.
- I added some new features, hunted bugs, reviewed pull requests, issues, etc.

CA, United States

May. 2019, 25 Aug.

### Allonzi

CREATOR & SOFTWARE DEVELOPER

- A social app that guides people on their journey.

Istanbul, Turkey

Nov. 2018, PRESENT

### INOTEK Robotic AR-GE

CREATOR & ARTIFICIAL INTELLIGENCE RESEARCHER

- By collecting data from IOT devices in air, sea, air and forests, we need to determine the fire detection and so on.
- We are developing our own UAV (Unmanned Aerial Vehicle), drones and 3D printers.

Mugla, Turkey

Sep. 2017, PRESENT

### Cryptouch

CREATOR & BLOCKCHAIN ENGINEER

- Special communication application using blockchain and IPFS in infrastructure.
- It has a distributed infrastructure focused on freedom, high security, scalability and permanency.
- Specific networks can be set up to certain people or individuals without external access.

Mugla, Turkey

Nov. 2017 - PRESENT

### Speakmates

FREELANCER FULL STACK DEVELOPER & DJANGO DEVELOPER

- A website that offers a platform where local or foreign language consultants and small groups of people who want to learn a foreign language can find each other and meet in comfortable places.

Tokyo, Japan

Oct. 2017 - Jan. 2018

## Honors & Awards

2018 **Champion**, Genç Beyinler Yeni Fikirler Idea Competition

Izmir, Turkey

2013 **5nd**, Ankara Atatürk Marathon Run

Ankara, Turkey

2010 **Finalist**, Turkey Futsal Tournament

Istanbul, Turkey

2009 **Champion**, Table Tennis City Tournament

Düzce, Turkey

## Presentation

### Developer Conference

SPEAKER <NEURAL NETWORKS AND DEEP LEARNING>

- I speak about basics of neural networks and modern deep learning applications.

Muğla, Turkey

Nov. 2018

### Teknopark İzmir International Blockchain Workshop

SPEAKER <BLOCKCHAIN BASED SECURE COMMUNICATION APPLICATION PROPOSAL:CRYPTOUCH>

- I speak about the advantages and business areas of my own project Cryptouch.

İzmir, Turkey

May. 2018

### ISDFS 2018 : 6th International Symposium on Digital Forensic and Security

SPEAKER <BLOCKCHAIN BASED SECURE COMMUNICATION APPLICATION PROPOSAL:CRYPTOUCH>

- I explained my new project Cryptouch's security infrastructure in this conference.

Antalya, Turkey

Mar. 2018

### Developer Conference

SPEAKER <'TIR GIT>

- I speak about GIT(the version control system) infrastructure, explained the whole documentation in this conference.

Muğla, Turkey

Feb. 2018

## Education

### MSKU (Muğla Sıtkı Koçman University Faculty of Engineering))

COMPUTER ENGINEERING UNDERGRADUATE EDUCATION

- I am trying to develop myself on the computer scienc by benefiting from the experiences of my teachers.

Muğla, Turkey

Sep. 2017 - Exp. Aug. 2021

### MSKU(Muğla Sıtkı Koçman University Faculty of Foreign Languages)

PREPARATORY EDUCATION

- I received a one-year preparatory education for 100% English Computer Engineering department.

Muğla, Turkey

Sep. 2016 - Aug. 2017

### Ankara Police Collage

HIGH SCHOOL

- I was educated until the third year as the last students of the College(it's a high school). Then it was closed because of political reasons.

Ankara, Turkey

Sep. 2011 - Exp. Apr. 2015

## Extracurricular Activity

### Zeki ve White

SOLO GUITARIST & BACK VOCAL

- I am coming from metal guitar and I found a new friend who coming from classical guitar and we are create different taste improvisation musics that comes metal and classic touches and these are very absurd musics.

\*\*\*\*\*

Jan. 2018 - PRESENT

### Dertsiz Deli

SOLO GUITARIST & BACK VOCAL

- Together with my beautiful vocal, we try to mumbling little things and make music. We will share our musics in different social medias.

\*\*\*\*\*

Jan. 2017 - PRESENT

### Düzce Anadolu Öğretmen High School Rock Band

SOLO GUITARIST & BACK VOCAL

- We gave concerts at the festivals and graduations at high schools in Düzce.

Düzce, Turkey

Apr. 2015 - Jun. 2016

### Ankara Police College Wing Tsun Team

COACH ASSISTANT

- I would help the teacher during training, I would check and help my friends.

Ankara, Turkey

Sep. 2012 - Apr.2015

### PKMG (Police College Rock Band)

SOLO GUITARIST & BACK VOCAL

- In the rock band of the school, I learned to be a team with my friends, to do something together and to produce new things.
